Lights Out

**Zeenews** 2012-04-03 : **Washington**: Using the tools and techniques of physics and mathematics, researchers including one of **Indian** origin have for the first time created the natural sounds of other worlds, including lightning on **Venus** to whirlwinds on **Mars** and ice volcanoes on **Saturn's** moon, **Titan**. In addition to these natural sounds, a team from the **University of Southampton**, led by **Professor** Tim Leighton has modelled the effects of different atmospheres, pressures and temperatures on the human voice on **Mars, Venus** and Titan (Saturn's largest moon). They have developed... [more »](#)
